For young Graham Neave, even the excitement of the Haliburton County Fair parade was not enough to prevent him from nodding off as his mother, Anne, steering his stroller down Minden's Main Street. For more pictures of the weekend's activities please turn to pages 12 and 13.

Storm leaves county without electricity

Many residents of the Highlands found themselves in the dark on Sunday as a series of electrical storms lashed the region causing power interruptions for up to eight hours.

Shortly after 2 p.m. the main 44,000 volt hydro line was struck by lightning as a disturbance moved into the county from the southwest. According to Jim Davis of the Minden office of Ontario Hydro, the massive lightning strike triggered a circuit breaker designed to interrupt power in the line while the energy of the lightning bolt is dissipated through the system.

Although the breaker is designed to restore power after a brief interruption, the heavy load on the line prevented the immediate resumption of power.

The lights came back on again in Minden after a brief interruption but it was some time before power was restored to Haliburton, Gooderham and the Tory Hill area.

Three crews were sent out by Hydro to restore power to the affected regions and four staff members were called into the office in Minden to answer telephone enquiries.

Normally, the enquiries are handled through the Essa switching station on weekends, but that office was swamped with calls because of numerous power failures across southern Ontario, so local office workers found themselves working on Sunday afternoon.

Sunday evening about 10 o'clock a second powerful storm entered the region from the north after causing power failures in the Huntsville and Parry Sound area.

The Hydro linesmen were returning from Tory Hill in a heavy rain after restoring power to that area when lightning struck the Hydro line near the Orillia Power and Light Dam north of Minden, destroying a string of insulators and causing blackouts in Kinmount and throughout the south western part of the county including Ingoldsby and Minden.

Extra linesmen were called in bringing the total to eleven men on the job, and, after working throughout the night, the repairs were completed and power restored at 7:30 a.m. in time for breakfast and the beginning of the working day for most people. However, for four of the linesmen, the resumption of power meant the end of a 20 hour shift, chasing overloads and replacing damaged equipment.

Single car mishap claims life of teen

Single car accidents continue to mar the weekly report of mishaps throughout the area patrolled by the Minden detachment of the Ontario Provincial Police. During the past week, thirteen of the nineteen motor vehicle accidents investigated by the officers of the local force involved only one car, and in one case a woman died as a result of the mishap.

That accident occurred August 15 at 5:30 a.m. on Highway 121 between Haliburton and Tory Hill.

The driver of the 1980 model Mazda pick-up, 17 year old Phyllis Gray of Toronto, caused the vehicle to swerve on to the right shoulder and then across the highway into the left ditch where the vehicle rolled several times.

The driver was thrown from the car. A subsequent investigation showed that she had died of massive chest injuries. Two passengers in the vehicle, John MacDonald of Willowdale and Deanna Goodchild of Toronto, both 17 years of age, sustained minor injuries.

Coroner Dr. H. Good attended at the scene of the accident. The investigating officer was Constable Dave Rogers. No inquest has been scheduled.

Strikes trees

Some $8000 in damage was done to a 1985 Pontiac after it swerved to avoid an oncoming car late Friday afternoon. Ralph Morris, 28, was the driver of the car which left the roadway and struck a number of trees. The driver was from Scarborough.

The investigating officer was Constable Mike Maybee.

Roll over

A car skidded out of control on a downgrade and rolled over a number of times early Saturday morning. The accident occurred on the South Kashagawigamog Road in Minden Township.

Drew Doherty, 21, of Markham was the driver of the vehicle, a 1982 model Toyota.

The driver was uninjured in the mishap, but three passengers were admitted to Haliburton Hospital for treatment of a number of injuries. Those admitted include: Peter Strysio, 21, Michael Swedak, 20, and Joahn Coates, 20, all of Mississauga.

Doherty has been charged with careless driving.

Constable Boyd Jarvis was the investigating officer.

Tire blows

A blown tire is being blamed for a single car accident August 17 on Highway 121 in Minden Township. The driver of the vehicle, 39 year old Alexander Little of Minden Township, sustained minor injuries when the vehicle entered the left ditch and rolled over. Damage was estimated at $8000.

The investigating officer is Constable Wayne Smith.

$6000 damage

An accident on County Road 12 north of Dorset resulted in $6000 damage to a 1978 model Dodge. The car was being driven by Alex Gillies, 42, of Toronto, when he lost control of the vehicle and it rolled.

Constable Mike Maybee was the investigating officer.

Fair attendance down

While all the figures are not in, the attendance at this year's edition of the Haliburton County Fair was down from last year. The numbers attending on Saturday, usually the biggest of the two day event, were definitely down. Sunday's attendance was cut by weather which brought intermittent showers during the afternoo n

The colour and noise of the fair was further dampened by the failure of the midway to appear. President of the Minden Agricultural Society, Susan Stephens, told the audience during the opening ceremonies that the group

had signed a contract with a midway for the annual fair. She explained that the society had searched out a new company with different, more exciting rides. She noted that as it was International Year for the Youth, and the society wanted to have a special attraction for the younger members of the community.

The president explained that the midway management had confirmed a week and a half before that they would be in attendance for the fair. However, the midway, with its rides, games and colour just didn't attend, leaving a void in the weekend's program. The society's contract had been with Rosemount Amusements from the Alliston area.

The society was fortunate in contacting a small show near Bancroft which agreed to move in Saturday night to provide some rides and games for the second day of the fair. While their presence was appreciated, the rainy weather meant most people were unaware that a midway had been set up overnight.

Speaking during the opening ceremonies, Victoria-Haliburton MP Bill Scott paid tribute to the efforts of the society in organizing the fair. He noted their event is not the only one left without without a midway. Scott said last year three fairs in the southern portion of the riding had been abandoned by their midway. Scott, who is president of the Kinmount Fair Board, suggested a governing body should be established to oversee the operations of midways, to ensure they honour their contracts.

MPP John Eakins congratulated the organizers on their success in creating the event for another year. He said fairs like the one in Minden helped to attract people to the area, adding a boost to tourism.

With the speeches out of the way, the president of the Agricultural Society declared the fair officially open and turned the stage over to Haliburton County's own Master of Ceremonies, Bill Payne.

The following results were made available to The Times by the organizers of the various events. We hope to have more results in next week's edition. Photographs of the three day fair can be found on pages 12 and 13.

Bubble Gum Contest

1. Julie Bird; 2. Brenda Krout; 3. Rachel Hughes. Runners up were: Meghan Cox, Christina Cox, Jay Garbutt, Michael Garndy, Tony Trumbull, Bryan Rivard, Chere Rivard, Josh Jarvis, Brandon Jarvis, Paul Whalen, Jeff Williamson, Terri Garvey, Matthew Boyer, Neil Endicott, Chris Sorichett, Shawn Watson, Cheryl Krout, Dony Burgess, Clinton Trumbull, Paul McFaul, Jennifer Gray, Cassie Lee McKay, Jeremy Phillips, Angela McGhan, Michael Wingatt and Heather McGann.

A special presentation was made during the opening ceremonies of the one hundred and twenty-first edition of the Haliburton County Fair, Saturday.

Mervin Gilbert, an active member of the Minden Agricultural Society for over 25 years, was presented with a certificate of recognition. The presentation was made by Victoria-Haliburton MP Bill Scott on behalf of the Society.

Scott noted that it was individuals like Mr. Gilbert who unselfishly donate their time and effort to organizations like the society, who ensure the successful planning of fall fairs. He noted that the certificate represented the appreciation of all members of the society for his many years of dedication and hard work.

Kinmount rider wins hillclimb title

Ted Wilkins of Kinmount captured the 1985 Canadian Championship Hillclimb at Bill's Hills near Wilberforce on Saturday before a crowd of 1,000 enthusiastic spectators.

The fourth annual championship, sanctioned by the Canadian Motorcycle Association, attracted only 8 competitors from southern Ontario and attendance was also down from last year's total of 4,000.

In 1984, 32 entrants from across Canada and the United States competed for $15,000, the largest purse ever offered in the history of the sport, but the sponsor of the event, STP, and the organizer John Williams, a five time world champion, withdrew their support this year in a dispute over gate receipts with Bill Thomas, the owner of the property where the event is held.

In spite of the drop in the number of competitors, the organizers considered the event a success and the enthusiasm of the spectators was not dampened as they cheered on the riders, particularly local favourites Ted Wilkins and Bob Marsh.

Running in three classes, nitro fuelled motorcycles over 500 cc., nitro 500 cc and under, and gasoline powered stock machines, the riders were allowed five runs against the clock up the 40 degree incline.

The machines ranged in size from the 650 cc Triumph driven by Ted Wilkins to an 80 cc Honda driven by Phyllis Woodcock of Coe Hill.

Wilkins was the first driver to challenge the hill and completed his run in 9.59 seconds. His initial time would have been fast enought to win the event but on successive runs he was able to knock fractions of a second off his time, eventually winning with a time of 9.29 seconds.

Bob Marsh, also of Kinmount, placed second in the A Class on a 550 cc Kawasaki with a time of 11.69 seconds.

Dave Hatton of Barrie completed the 400 ft. run in 12.38 seconds to capture third place in the A Class event. The 51 year old veteran hill climber was driving a nitro fuelled 1939 Indian and although he had problems with a broken clutch cable he was able to make one successful run to the top.

In the B Class event for nitro fuellers, Dave Todd of Oshawa picked up first place on a 500 cc Honda with an elapsed time of 11.08 seconds.

Thomas Perry of Barrie placed second on a 440 Honda. The gas powered enduro bikes proved to be as competitive as the nitro fuelled machines.

John McNamee of Markham raced his Yamaha up the hill in 9.63 seconds, the fourth fastest time of the day and only a scant 0.39 seconds behind the fastest run by Ted Wilkins.

David Dodd of Peterborough placed second, running the hill in .9.81 seconds on a 500 cc Honda.

Phyllis Woodcock, the only woman competitor, tried gamely to climb the mountain but her 80 cc Honda was not powerful enough to complete the run.

While the 1985 championship was not as successful as the past three events, CMA officials intend to continue holding the hillclimb with the possibility of alternating the yearly event between sites in British Columbia, Alberta and Ontario.

Ted Wilkins begins another assault on Mount Williams during the Canadian Hillclimb Championship near Wilberforce on Saturday. Wilkins, of Kinmount, captured the title with a time of 9:29 seconds.

John McNamee hangs on to the handlebars as he crosses the finish line 400 feet from the bottom of the hill. McNamee placed first in the stock event with a time of 9:63 seconds.

Time to declare

From this vantage point, November may seem to be a long way off. However, for those who are thinking about seeking municipal office, the time for making a decision is fast approaching.

The tradition has always been for potential candidates, especially non-incumbents, to wait until the last moment to declare their intentions. While their strategy may provide an element of surprise, it is neither fair to the voters, nor, we feel, an appropriate way to approach this important role as an elected official.

Serving as a municipal councillor or trustee on the board of education is not a task to be taken lightly. The issues facing these bodies are complicated. Many of the decisions which these new councils face will require an understanding of what has gone on before. While a freshman councillor or trustee cannot be expected to be fully aware of all the details surrounding a particular issue, valuable background can be gained now by attending the meetings of the councils, questioning those who are currently making decisions and exploring the tangle of provincial legislation and policy which guide, and, some would say, strangle, locally elected officials.

We believe that local electors would look favourably on candidates who declare their intentions early and follow through by attending the regular meetings of the municipal body on which they aspire to serve.

The three weeks between the close of nominations and voting day provide ample time for a campaign - the period between now and the close of nominations is a good time to learn about the complex problems with which the successful candidates will have to deal.

Waiting for the judge's decision.

We noticed that the pump has been removed from our spring on Newcastle Street. I was asking our water man Gene Newell about it and he tells me that it needs to be cleaned out, a new pump put in and a cover to keep the birds away from it.

He also said it would cost around a thousand dollars. There used to be a good spring in the cedars just below the village and it was ruined long ago. This one near us was known as Mooney's spring and had real good water. Our Council has money for other things so we hope they will see fit to keep one good spring in repair.

Editor:

We haven't had a real good fish story in "Report from the Country" for a long, long time. But now you and yours at The Times have provided us with a story that just about caps them all.

Reference is being made to 16 year old Gerald Crego's terrifying experience, when what must have been ahuge muskie, grabbed his foot and pulled him under the water, while he was swimming in the Burnt River. And Gerald had his mauled foot and surgical stitches to prove that this time, he, Gerald, was "the one that got away."

It is scheduled to use this unusual story in lead off position of this little news feature with the late presentation on Saturday, September 7.

My thanks to you again for being of assistance to me in this little project and, of course, for keeping The Times in my mail box each and every week.

Federation of Ontario Naturalists

They're a sort of pesky luftwaffe, anticipating every movement of the late-summer picnicker. Deftly, they race between flailing arms, to snatch miniscule bites of cold meat, hot dog or hamburger. If attacked, their retribution is swift and memorable.

If you think that the last few summers have brought increasing numbers of annoying, buzzing wasps, you're right. The recent invasion of a European wasp known as the German yellowjacket is the culprit. And, the next few weeks promise to be the worst yet.

To understand why late summer brings a peak in wasp troubles, we must examine both the life cycle and the social behaviour of yellowjackets.

Each colony arises from a single queen, who emerges from her winter protection in the first warmth of spring. Working alone, she selects an underground homesite, often an abandoned mouse burrow, or any of the numerous hollows left in cultivated earth, under patio slabs, or in rock gardens. Gathering wood pulp from a weathered log or board, she constructs a tiny nursery, and lays her first 6 or 8 fertile eggs.

When these eggs hatch, in a week or so, the queen begins her frantic dawn-to-dusk chase for caterpillars, flies and other insects, to feed the ravenous larvae. Quickly, the young grow through the pupa stage. About June 1, six workers emerge.

Thereafter, the queen concentrates upon laying eggs, while successive generations of workers gather food, keep the nest clean, and air-condition the underground shelter. They constantly expand the hive, chewing and reprocessing old walls, and adding new combs from masticated wood. With the number of wasps increasing exponentially, by summer's end a colony may number in the thousands.

Thanks largely to unusual weather conditions over the past 9 months, this year's colonies are more numerous and already larger than last year. Winter's unusually persistent cold maintained snow's insulating blanket, ensuring a higher survival of overwintering queens. Spring's early warmth and unusual dryness gave the yellow-jackets a spectacular head-start. Fewer rains enabled the wasps to spend more time gathering the bumper-crop of caterpillars and other prey, ensuring both higher survival and faster growth during the critical, early stages of the colony.

About this time of year, the queen begins to produce a different kind of young,

Ministry plans ride regulations

Ontario Consumer Minister Monte Kwinter has said he intends to seek provincial regulations for the operation of amusement rides, go-kart tracks and other, similar public attractions.

"The ultimate objective is to take action to maximize the safety of amusement rides and related attractions used by the Ontario public," Mr. Kwinter said.

Mr. Kwinter said his proposals would require amusement ride owners and operators to be registered and all rides to be licensed. There would be an inspection program for rides carried out by specially trained provincial inspectors and the regulations would also cover design and maintenance of rides, accident reporting, qualification of industry personnel and other aspects of ride operation and safety.

The minister said representatives of the amusement ride industry have responded favourably to the government's initiative and expect it to result in an improved public image and confidence in their industry.

There are at least 750 individual rides operating in the province during the summer. In the course of preparing the amusement ride study, elevating devices branch staff visited 61 locations, surveyed 650 rides and interviewed most of the 75 owner/operators doing business in the province.

Mr. Kwinter said in addition to traditional amusement rides and go-kart tracks, his proposals would also govern safety requirements for attractions such as waterslides.

He said although a ministry advisory committee, made up of provincial and municipal government staff with representatives from the Canadian Association of Exhibitions, has held a number of meetings and discussions, he would welcome additional comments and suggestions concerning the safety program from other municipalities and the general public. Written submissions should be mailed to the minister's attention, Ministry of Consumer and Commercial Relations, 555 Yonge Street, 9th Floor, Toronto, Ontario M7A 2H6.

$1,000,000 fire loss in county during 1984

A total of 46 fires caused over $1,000,000 in damage in Haliburton County last year according to statistics released by the Ontario Fire Marshall's Office.

The report on fire losses in Ontario gives a breakdown of figures based on individual townships.

The greatest financial losses occurred in Glamorgan Township as ten fires resulted in property damage of $381,901. The municipality of Dysart et al had the greatest number of fires; twelve, which caused $167,900 in losses.

Eleven fires in Stanhope Township resulted in an estimated $240,451 in damage. The six fires in the Municipality of Anson, Hindon and Minden caused $45,400 damage.

A single fire in Snowdon Township resulted in losses of $135,000. Other townships included in the report were: Monmouth Township - $35,100 in 2 fires; Lutterworth Township - $64,000 in three fires, Sherborne et al $1,000 in one fire.

The fires resulted in three investigations by the Fire Marshall's Office. Criminal charges were laid following the investigation of two fires while the cause of the third fire was not determined.

There was no loss of life in Haliburton County due to fires last year.

A summary of fire losses across the province shows that a total of 23,675 fires caused an estimated fire loss of $232,211,304 compared to a five year average of 24,747 fires per year which resulted in a yearly average loss of $221,069,316.

185 people lost their lives in Ontario fires in 1984.

including fertile males and females which will soon leave the nest to mate, and (in the females' case) to seek winter refuge.

This is where 'our' problem begins, for the colony's thousands of workers are now faced with fewer duties at home, a dwindling number of natural prey, and thousands of competitors for food. It's not surprising that they descend upon picnics.

A yellowjacket's sting is painful, and sometimes dangerous if the victim is hypersensitive. But, remember that wasps are beneficial insects, too, for through their persistent hunting, they control many garden pests and troublesome insects.

So, for a few weeks late each summer, try to ignore the yellowjackets at your picnic. Keep garbage and food under cover to avoid attracting more uninvited guests - or put a small, bait piece of meat well away from your picnic and only while you are there. And remember that the first hard frost will end the cycle - at least until next year.

RENT REVIEW

New rent review legislation planned by the Government of Ontario means that the responsibilities of landlords and tenants will be changed retroactive to August 1, 1985.

As of that day, a rent review guideline of 4% is to apply to most apartment buildings, and rented townhouses, duplexes, condominiums and individual dwellings such as houses. Other specifics include:

- **Under rent review, landlords may increase rents up to a specified limit without applying for a review of the proposed new rent. However, if the tenant objects to the proposed increase–even if it is below the specified limit–he or she may also apply for a review. Until August 1st, 1985, a 6% rent review guideline covered most private rental accommodation except units occupied after 1975 and certain units renting for $750 a month or more.**
- **Retroactive to August 1st, 1985, a 4% rent review guideline is to cover all private rental units including those occupied after 1975 and those renting for more than $750 a month.**
- **Until the legislation is in place landlords can legally collect a 6 per cent increase. However, provision will be made for the payment of rebates to tenants of any amount over 4 per cent, unless a higher increase can be justified in a rent review hearing. Accordingly, all landlords are being asked to voluntarily comply with the 4 per cent limit in order to avoid a time-consuming rebate process.**

For further information on how the new legislation will affect you, please contact your nearest Residential Tenancy Commission Office, listed in the blue pages of your telephone directory.

Shadow Lake yielded this four pound nine ounce small mouth bass for Bob Lee of Scarborough last week. The lucky angler is seen here with his catch and Jim McMahon of Moore Falls.

Drag trout tops the list

Drag Lake east of Haliburton Village continues to yield its share of large lake trout, according to statistics complied for the Molson Big Fish Contest.

A 23 pound, 13 and one quarter ounce lake trout currently leads the list released by the competition organizers last week. The 37 inch lunker was caught by James Fink of Cambridge.

One other county lake features prominently in the preliminary listings. Three walleye entries on the list were taken from Elephant Lake in Harcourt Township. A twenty-five and a half inch walleye caught by Paul Barron of Pickering leads the live release list. Paul also holds down fourth spot in the listing with a 25 pound fish. The other walleye on the list from Elephant Lake is in third spot. The twenty-five and a half inch lunker was taken by Andy Barron of Scarborough. His entry is placed below Paul's because of a smaller girth measurement.

Entries for the contest, co-sponsored by the Ontario Federation of Anglers and Hunters, will be accepted up to November 30. Information and official entry forms are available at most tackle supply outlets.

Controlled deer hunt planned

A controlled white-tailed deer hunt will be conducted in the Peterborough Crown Game Preserve from November 4-16, Natural Resources Minister Vincent Kerrio said earlier this month.

"The large deer population in the area has resulted in extensive overbrowsing of the winter habitat," Mr. Kerrio said. "If we had a severe winter, many of the deer would likely die of starvation." In addition, the growing numbers of deer in the area has resulted in a sharp increase in deer/vehicle collisions -- from 16 in 1980 to 44 last year.

The hunt will be held strictly within the preserve boundaries in Burleigh and Methuen Townships, north of Peterborough and only 250 hunters will be allowed in the area in each of the two weeks. Hunters will be given a detailed information package including a map of the area.

Only shotguns will be allowed and no dogs are permitted in the area. All hunters will be required to submit a report of their hunt to the Ministry's Bancroft office.

A buffer zone surrounding Jack Lake has been created and the boundary will be clearly posted to ensure that there will be no conflict between hunters and residents along Jack Lake.

Conducting the controlled hunt and increasing the number of antlerless deer tags in the wildlife management unit adjacent to the game preserve will assist in the effort to restore the wildlife habitat and, ultimately, the health of the deer that live in it.

Applications for participating in the hunt may be obtained by contacting: Bancroft District Office, Ministry of Natural Resources, P.O. Box 500, Hwy 28, Bancroft, Ontario KOL 1C0 (613) 332-3940. or Lindsay District Office, Ministry of Natural Resources, 322 Kent Street West, Lindsay, Ontario K9V 4T7. (705) 324-6121.

The deadline for application is August 31, 1985.

Trent-Severn water levels

On Monday, August 12 the stored water in the Haliburton Lakes of the Trent-Severn was 69.1% of maximum. This had declined 3.8% from the 6th of August and was about 1/2% below the 10-year average for the date. This was 6% higher than in 1983 and 10.5% lower than in 1984.

High flows were not needed from these lakes the week of August 12 due to a small surplus that remained on the Kawarthas. Minimum Otonabee River flows coming from them plus a couple of modest rains have caused this situation to continue throughout the week.

It is unlikely that heavy flows would be required from the tributaries next week, beginning August 18, either.

PCs welcome Perrin Beatty

Canada's Revenue Minister Perrin Beatty, wife Julie and son Christopher attended the Victoria-Haliburton Progressive Conservative annual beef barbeque and dance Saturday in Kinmount. The Cabinet minister praised the efforts of local MP Bill Scott and visiting Peterborough MP Bill Domm.

Progressive Conservatives from throughout the Victoria-Haliburton riding were probably the last large group to get a close look at Revenue Minister Perrin Beatty. That opportunity arose when the minister visited Kinmount for the group's annual beef barbeque and dance.

Some two days after the Conservative MP for Wellington, Dufferin-Simcoe addressed the audience in Kinmount, Prime Minister Brian Mulroney announced that Mr. Beatty was being appointed to the post of Solicitor General in the Cabinet.

There was no hint of the impending change as the politician addressed the crowd of supporters in the hall at the community's fair grounds.

Beatty paid tribute to the efforts of Members of Parliament like Bill Scott and Bill Domm (the Peterborough MP was also in attendance) for their hard work and dedication to fairness for Canadians. The then Revenue Minister noted, when their party was in opposition, Scott joined his special task force on the actions of Revenue Canada during a swing through British Columbia.

The speaker said at that time there was a feeling from Canadians the federal government under the Liberals was arrogant and "out to get" the ordinary Canadians. He said that attitude was no less apparent than in the way officials of Revenue Canada approached their job of collecting taxes from Canadians.

"We have a voluntary system of tax collection in this country," Beatty noted. "The government relies on Canadians to honestly compute their income and, according to the rules, submit the amount of taxes owing." Beatty suggested that under the Liberal regime a feeling of mistrust had grown between the taxpayers and Revenue Canada. "There was a presumption, in cases under investigation, that the individual was guilty until proven innocent. A presumption of dishonesty that created a gulf between Canadians and their government."

Beatty described to the audience how the Conservative government proposed to alter the system and, when finally being elected to power in Ottawa, carried out those promises. "The response has been superb," the Revenue Minister stated. "We want to restore the confidence of the public in our department."

His comments and endorsement of the two PC members in attendance drew warm response from the partisan audience. He thanked the crowd for their support and hospitality.

7th place for Dixie Lee

A loss by the Haliburton Dixie Lee soccer team Sunday means the team will end the season in seventh place in the eight team league. The 2 - 1 defeat came at the hands of Orillia City.

The two teams were tied in the standings as the locals travelled to Orillia for the match. The hosts established a lead in the first half of the contest and added the second marker in the second half. It wasn't until the last 15 minutes of the game that Tim Davies connected on a clean shot, after outrunning the Orillia defense, to spoil the shut-out.

The Dixie Lee team continued to press the opposition but were unable to score again.

The team actually has one more game to play in the summer schedule, however, the league finals have been scheduled for this weekend and they are prepared to enter the playoffs without the final match being completed.

The round robin series is slated for Bracebridge this Saturday and Sunday. All eight teams will take part in the play-offs with the teams with the best record over three games meeting in the final.

Interest in the soccer league continues to be strong in the Highlands, according to team spokesman Jim Milne. He noted the team has 25 players registered and was able to field a complete team on all but one occasion during the season.

Milne also noted that play seems to be getting tighter over the past three years. While the team has scored fewer goals this year, the number of goals scored against them has also decreased. In the first season the goals for and against were 20 - 44. Last year this dropped to 19 - 22 and this year the stats were 15 - 29.

While the play-offs this weekend mark the end of the regular season for the team, the players will be hosting a special tournament in September. Held in conjunction with the Terry Fox runs, the tournament will help raise funds for the Terry Fox cancer research fund.

The members of the team are also looking forward to an international match planned for next August. A team from the Netherlands will be visiting Canada at that time and have included a visit to the Highlands and a game with the Dixie Lee team on their schedule.

Hustlers take two game lead in final series

The Minden Rockcliffe Hustlers have taken a 2 - 0 lead in the best of five Tri-County Championship as they downed Lindsay Kent Tavern Trojans last Wednesday night at home by the score of 6 - 2.

Kent Tavern got off to a fast start in the first inning on a single by Randy Howell, a walk by John Campbell and Ed Bryans slammed a triple for a 2 - 0 lead.

The Hustlers were held hitless for the first 2 innings but in the third inning their bats came alive. Dave Dollo started it off with a double, Tom Haley a bunt single, Collin Newell slammed a double to score one run. Rick Hartwick walked to load the bases and Greg Newell pounded out a triple to empty the bases and scored on an error by the Lindsay catcher. Brian Shaw singled and Bob Hammond brought him home double to make the score 6 - 2 after three innings.

This completed the scoring in the game. The defence on both teams tightened up and Brian Shaw struck out seven Trojans over the final four innings. Shaw was the winning pitcher with Barry Johnston taking the loss for Lindsay.

The next game in the series will be Wednesday night (August 21) at 8:00 p.m. at Minden Ball Park where the Hustlers will be trying to finish the series and win their fourth straight championship. Let's get out and cheer the boys on to a win.

The Minden Dixie Lee Seniors gathered for a group portrait prior to the final game of the Haliburton County Ladies Softball Championship last week. The Haliburton Juniors won the game to capture the best of five series three games to two. Team members, from the left, front row: Lois Deacon, Marg Fielding, Corry Ziorjen, Cindy Roodenburg, Helen Burk, Rhonda Wilson, and Jane Symons. Back row: Ann Hewson, coach Wayne Cully, Trish Slavik, Joan Alger, Sue Pye, Barb Wynn, Lori Brown, Nelda Cully and coach Jim Wynn.

Gooderham wins

With a victory last Wednesday night, the Gooderham ladies clinched the series with Wilberforce. The last game was played under the lights in Haliburton, and although Wilberforce put up a strong battle and were loading in the final innings, the Gooderham team, after a pep talk from their coach Bill Dobson, went to work and came away the winners 9 to 8.

Gooderham finished the series with a 4 game to 1 record.

Watch for announcements concerning the upcoming League Banquet on September 14. The annual Haliburton County Ladies Softball "League Draw" will be drawn at that time.

19 complete Green Lake run

Cool temperatures provided ideal conditions for running during the annual Green Lake Run on Sunday morning but only 19 runners, down from 40 last year, took part in the run.

The competitors set out from the West Guilford Recreation Centre shortly before 10 a.m. and ran through the village, west along Highway 118, north on Airport Road then along the North Shore Road to the Recreation Centre to complete the 9 km race.

John Fleming of Toronto, winner of the event two years ago, was the first person to cross the finish line with a time of 30:09 well ahead of the rest of the field. Stewart Gresko of Waterford placed second with a time of 39:42. John Sims of Stony Creek was third with 40:04.

The first woman runner to complete the course was Moya Harrington of Haliburton. Her winning time was 45:59. Second was Kelly Gresko of Waterford in a time of 47:33. Katherine Strebig of Toronto placed third in the women's division in a time of 49:10.

CORPORATION OF THE TOWNSHIP OF LUTTERWORTH

NOTICE

IN THE MATTER OF THE MUNICIPAL ACT: and IN THE MATTER OF a proposed By-law of the Corporation of the Township of Lutterworth to stop up and close certain portions of the 66-foot 'unopened' Original Shoreline (Marine) Allowance for Road along the shoreline perimeter of Deep Bay/Gull Lake, in front of Part of Lot 18, in Concession 10, in the Township of Lutterworth and to convey the aforesaid Shoreline Allowance portions to the abutting property-owners.

NOTICE IS HEREBY GIVEN, pursuant to Section 301 (1) (a), of The Municipal Act, R.S.O. 1980, that the Council of the Corporation of the Township of Lutterworth proposes to consider and, if deemed advisable, to pass at its Regular Meeting to be held at the Council Chambers, 3 miles south of Minden, on Highway No. 35, on Thursday, September 19th, 1985 at the hour of 7:00 o'clock p.m., a By-law to stop up and close the parcels of land more particularly described as follows: -

SCHEDULE "A"

ALL that part of the sixty-six foot Original unopened Shoreline Allowance for Road along the shoreline of Deep Bay/Gull Lake, in front of Part of Lot 18, in Concession 10, in the Township of Lutterworth, in the County of Haliburton, designated as Parts 1, 2, 3, 4, 5 and 6 on a Plan of Survey deposited in the Registry Office for the Registry Division of Haliburton (19) as Plan 19R-3302.

AND, in addition, to convey Part 1 on Survey Plan 19R-3302 to the owner of the abutting Instrument Number 130719.

AND to convey Part 2 on Survey Plan 19R-3302 to the owner of the abutting Instrument Number 82437.

AND to convey Part 3 on Survey Plan 19R-3302 to the owner of the abutting Instrument Numbers 82436, 2516 and 26452.

AND to convey Part 4 on Survey Plan 19R-3302 to the owner of the abutting Instrument Number 26453.

AND to convey Part 5 on Survey Plan 19R-3302 to the owner of the abutting Instrument Number 89197.

A copy of Survey Plan 19R-3302 is attached to the proposed By-law and may be viewed at the Lutterworth Municipal Office during normal working hours.

AND TAKE FURTHER NOTICE that, before passing of the said By-law at its meeting to be held at the time and place above-mentioned, the Council of the Corporation of the Township of Lutterworth, shall then and there hear in person, or by his or her counsel, solicitor or agent, any person who claims that his or her land will be prejudicially affected by the said By-law and who applies to be heard.

Second lot could solve rapids parking problem

The creation of a parking lot on property owned by the Minden Wild Water Preserve organization and an existing lot adjacent to Horseshoe Lake Road could provide enough parking spaces for spectators during white water events according to Anson, Hindon and Minden councillor Gary Kenney.

Kenney, a member of the publicity and promotions committee, made his comments during a report on the Canadian National Slalom Championships held August 9-10.

Since as many as 3000 spectators were expected at the event, parking was prohibited along a section of Horseshoe Lake Road and a shuttle bus was hired by the municipality to carry spectators from Wes Sisson's farm where a temporary parking lot was set up.

An existing parking lot on property owned by Orillia Light and Power was reserved for authorized vehicles.

Kenney told council that he had estimated there were no more than 600 spectators at the event at one time; much less than the expected numbers. The parking lot on the Orillia Light and Power Company property can accommodate 50 cars Kenney said, and an additional 100 cars could be parked on a section of the 100 acre parcel owned by Minden Wild Water Preserve if a section of the property is cleared.

His suggestion would be a reasonable alternative to creating a temporary facility on Wes Sisson's property or the purchase of land by the municipality as has been previously suggested, he said, adding the two parking lots should be adequate for the next five years.

Reeve Lyle McKnight agreed with the suggestion, adding, work should be done to improve the entrance to the existing lot off Horseshoe Lake Road.

Haliburton artist wins award

A Haliburton artist has received an award for his painting at the Buckhorn Wildlife Art Festival.

Charles O'Neill placed second in the watercolour or pastel section with his entry entitled 'April Sun'.

The Buckhorn Festival is considered one of the premier wildlife art shows in the province, drawing entries from across Ontario and neighbouring states.

Service plans annual meeting

by Donna Bailey

You are invited to attend the annual meeting of the Haliburton County Home Support Services on Friday, September 20 at the Royal Canadian Legion, Haliburton, at 12 noon.

The turkey dinner, prepared and served by the ladies of the Ladies Auxiliary of the Haliburton Legion will be at a cost of $5.00 per person. The meeting will commence at 1:30 p.m.

Our guest speaker will be Marlene Edwards, Director of Haliburton Kawartha Pine Ridge Home Care Program. Dinner reservations are required. Please phone our office at 457-2941 by September 13th. Plan to attend and bring a friend. Everyone is welcome.

New policy

Our Home Help policy has changed effective July 1, 1985.

The jobs are now categorized: "general housework; 'spring' housecleaning, minor repairs/outdoor maintenance/painting, snow removal". The home helper can now state the rate they wish to receive for each type of job they will do. If you are a reliable person with good skills in any of these areas please contact our office for an interview and to sign up. References are required.

Haliburton and area contact our office at 457-2941. Those who are presently on our home help program who received forms to update our files please return them to our office as soon as possible if you have not already done so. If you require home help, please contact our office.

If you require more information concerning this or any one other aspect of Home Support, call our office at 457-2941 or drop in. We are located in the Drag River Municipal Office, opposite Emmerson Lumber.

Winner

Janet Tice of Haliburton was $300 richer following the Haliburton County Fair on the weekend, thanks to a 50-50 draw ticket purchased from the Minden Fire Fighters. She was the winner of the draw held during the weekend.

TENDER

The Otonabee Region Conservation Authority

is accepting tenders for the sale of approximately 20 acres of timber.

Tender forms can be obtained at the office, 727 Lansdowne Street West, Peterborough, Ontario K9J 1Z2.

Did you know?

by Suzanne Gilder

Did you know ... that your County Information Centre has a supply of fact sheets dealing with proposed changes to Ontario's rent review legislation?

New legislation planned by the provincial government means that all landlords and tenants will have their rights and responsibilities changed as of August 1, 1985. The changes listed on the fact sheet are expected to become law in the fall of 1985.

If you are interested in finding out the rent review process, what the proposed changes are, and information about retroactivity, why not drop in to our Centre. We also provide information regarding health, social, governmental and environmental subjects along with a wide selection of pamphlets and brochures.

Our office is open 10:00 a.m. to 4:00 p.m. weekdays, and we are located in the Drag River Municipal Building (across from Emmerson Lumber) in Haliburton.

And remember, you will never know the answer, until you ask the question.

Advance polls dates set

To accommodate seasonal residents there will be two advance polls in the municipal election this fall in at least two municipalities in the county.

As required under the Ontario Municipal Act, advance polls will be held in all townships on Saturday, November 2, ten days before the final votes are cast on Tuesday, November 12.

As the result of requests from various cottagers' associations the Township of Stanhope and the Municipality of Anson, Hindon and Minden will hold a second advance poll on Saturday, November 9, and other townships may hold a poll on the same day.

All polls will be open from 9 a.m. to 8 p.m.

The Dilemma of a Poet

A poem is never really a thought
A sudden vagueness that slowly comes to mind
And then it does, or does not find its thought
So then it dies.
But still it lies
Within the spirit
Or if you would have it
The mind.
Poets can strive
To put in words
What they believe in.
It may be a big emotion then
And yet it finds the thought
And the thought finds the words,
The words that can be heard
And understood
By all men.
Sometimes a lump in the throat
Or something some man wrote,
A lovesickness, or homesickness
It does not matter -
It stirs in the breast
And tantalizes the author
Until he can no longer sleep
And a long vigil will keep
To try his very best
To convey his thoughts
For all mankind.

Hi Kids!

Here is another puzzle for you with a word list. Look in the diagram of letters for the words given in the list. Find them by reading up, down, forward, backward and diagonally. They are all in a straight line and do not skip letters. Circle the words in the diagram and cross it off in the list.

It's as easy as that. Have fun!

Q: I am something that can run and whistle, but can neither walk nor talk. What am I?

A: A train engine.

* * *

Q: I am something that always weighs the same whether I am larger or smaller? What am I?

A: A hole.

* * *

Q: I am something that has four legs and only one foot. What am I?

A: A bed.

* * *

Q: If Ireland should sink, what would float?

A: County Cork.

* * *

Q: Which member of Parliament wears the largest hat?

A: The one with the largest head.

* * *

Q: Three men under an umbrella - but they never got wet. Why?

A: Because it wasn't raining.

Walk helps villages

The annual Walk for Wells helps raise money to assist in the drilling of drinking water wells in India. According to the organizer of the walk, Gerry Feltham, funds raised through the local effort are being matched by the federal government through the Canadian International Development Agency.

In a recent report, Mr. Feltham stated that the money raised in the walk is helping to drill 12 wells in nine villages and that more are planned. Mr. Feltham has also provided a number of reports on the progress of individual projects and what they mean to the communities concerned. The following are a few of those reports to illustrate the impact the money raised in the Haliburton Highlands is having on the other side of the globe. (The initials EFICOR appearing in this report refer to the agency managing the Walk funds in India, the Evangelical Fellowship of India Commission on Relief.)

Babuji Nagara

On the side of the road in the Bangalore-Bombay highway is the harijan village called Babuji Nagara. The village is so named after the great Mahatma Ghandi, the father of the Indian Nation. As these people are Harijans they are deprived of the essential necessities. Their important deficiency is the absence of sufficient drinking water for nearly 30 years.

The people of Babuji Nagara are mainly coolies who work in the fields and live on the small wage paid to them. The land for their houses is given by the government free of cost. The small hut in which they live is also subsidised by the government and an open well situated at the entrance of the village.

This village was handed over to to EFICOR as one of the problematic villages. We at EFICOR have investigated and found the open well having no water and the people in desperate need. It is requested that funds to this village can be given generously for a bore well.

Hollanahalli

Hollanahalli is another village in Nelamangala Taluk which is subdivided into three portions, one is the A.K. Colony, two - Harijan Colony and three is Gollar Colony. Each colony consists of a population of 250 to 300 people.

In 1984 one bore well was drilled by the government which was fitted 5 months later with a hand pump. The hand pump is frequently broken due to frequent use. The village is listed out as a problematic village and two colonies are suffering from acute shortage of water and are forced to travel long distances for drinking water as the one well situated is not even enough for that section of people - EFICOR have inspected and investigated this village and have selected a point for taking up the drilling which will be highly beneficial to this needy community.

Soolkunte

Soolkunte is another one of the problem villages which do not have any bore well at all. The population consists of around 600. The people's main occupation is agricultural labourers and stone breaking. The village has a small primary school which caters to about 50 children from the same village and others from surrounding hamlets.

A number of times the Block Development Officer has requested the government departments to sink a drinking water well in this village but due to a number of constraints this was not possible. The EFICOR has been earnestly approached for this and on investigation it falls in the specific criteria. Therefore, it is felt that a bore well must be provided in this village.

Oneanahally

Oneanahally is a harijan colony having about 300 inhabitants. This colony is separated from the main village. There is no safe drinking water here. In the main village there are two open wells, one of which gives brackish water which is not suitble for consumption.

In the colony there is no open well and the people trudge some distance to collect their daily needs. The people are landless labourers the government has given them small plots on which huts are built. There exists no bore well in this village therefore on investigation we recommend one well to be drilled here.

Kinette Club Charter awarded in 1960

The Kinette Club is an Associate of the Kinsmen Club, and the members are the wives of members of the Kinsmen Club.

The Kinette Club of Minden received its charter on March 23, 1960. There were 17 charter members - Charter President was Mary Gibbings. Other members were Lillian Cook, Audrey Northey, Mabel Deacon, Shirley Bush, Jean Jackson, Marie Cox, Jean Harvey, Linda Mc Knight, Yvonne Pritchard, Marjorie Windover, Pat Dudman, Barbara Elder, Chris Dollo, Lenore Prentice, Pat Lonsberry, and Doreen Hicks.

The main function of a Kinette Club is to assist their Kinsmen Club with their various club projects, but also they have projects of their own, approved by the Kinsmen Club, to raise funds for worthwhile projects. Most of the funds come from the general public in our immediate vicinity, therefore we endeavour to put most of the money back into "the community's greatest need" and let them see the worthwhile results of their patronage.

Our fund raising projects have included a Bridal Fashion Show at the Hyland Crest Home featuring styles from 1887 - 1972, Valentine's Dance (proceeds for Cystic Fibrosis), St. Patrick's Dance, Autumn Dance, Anniversary Dance, Port Perry Colour Tours, Flea Market, and Card Parties at the Hyland Crest Home.

Kinettes make their own donations to the Cystic Fibrosis fund. Over the years this fund has provided the necessary research to greatly increase the life span of a C.F. child.

On a national level Kinettes across Canada assist the Unitarian Service Committee with a project we call "Take Time", collecting such articles as clothing and soap which is sent to Third World countries where needed.

Kinettes are always working on the home front, keeping up to our motto "serving the community's greatest need". Over the years the Kinette club has donated to the paraplegic bus for the Senior Citizen's Home, also a T.V. set and have supplied bingo cards and chips for their weekly bingo games. The Kinettes have donated to the stretcher and wheelchair for the Minden Hospital, and also supplied a toy box full of toys.

The Kinettes have also donated dishes, cutlery and a coffee maker to the Minden Arena, and have made donations to the Minden Fiture Skating Club, and the Minden Nursery Play School, and helped with a learning course for Tommy Miscio. Other donations have been made to the library, the Anglican Building Fund, Participark, Minden Museum Cultural Centre), Boy Scouts and Ronald Mc Donald House.

The Kinette Club makes regular donations to the C.N.I.B., Guild of Fine Arts, Haliburton County Chapter of the Association for Children with Learning Disabilities (ACLD), give a spoon for the first baby born in the New Year in Haliburton County, and continue to assist at senior citizen teas, and bingos at the Senior Citizens Home, and send cards to the seniors or birthdays, Christmas, Easter and Valentine's Day. In many ways the Kinettes help to make their community a better place to live.

The Social Aspect of Kinsmen and Kinettes is also rewarding. Through social and fund raising functions, you meet and make lasting friendships with people from all walks of life. Fellowship is a major benefit of being part of the Kin family.

Presidents of the Kinette Club of Minden to date: Charter President Mary Gibbings; 1960 - 61 Mary Gibbings and Lillian Cook; 1961 - 62 Linda Mc Knight; 1962 - 63 Mabel Deacon; 1963 - 64 Barbara Elder; 1964 - 65 Betty Harrison; 1965 - 66 Joan Fennell; 1966 - 67 Audrey Northey; 1967 - 68 Joan McKenzie; 1968 - 69 Yvonne Nye; 1969 - 70 Opal Crowe; 1970 - 71 Peggy Brown; 1971 - 72 Linda McKnight; 1972 - 73 Betty Harrison; 1973 - 74 Joan Fennell; 1974 - 75 Kathy Wrightman; 1975 - 76 Jean Stevens; 1976 - 77 Noreen Farnsworth; 1977 - 78 Diane Booth; 1978 - 79 Margaret Prentice; 1979 - 80 Chris Archer; 1980 - 81 Margaret Prentice; 1981 - 82 Norma Amyotte; 1982 - 83 Linda Pentney; 1983 - 84 Susanne Ripley.

At the Minden Kinette Club Charter Night, Kinsman President of 1959-60 Eldon Deacon congratulates Charter President Mrs. Mary Gibbings. Judging by their expressions Minden's Charter Night must have been a frolic-filled evening.

The 1985-86 Executive for the Minden Kinette Club are, front row, from the left, Director Ruth Travers, secretary Sue Ripley, director Debbie Fountain, registrar Yvonne Nye, bulletin editor Jean Stevens. Back row, from the left, vice-president Cathy King, director Mabel Deacon, president Norma Amyotte, treasurer Elsie Stamp.

Dear Readers: I'm starting this letter on Friday afternoon to tell you what is happening here and try to keep in tune. Grace Coburn came to lead us in sing-a-long but home she must go because Linda had taken most of the songsters to the flower show. It surely is sunny and warm, we should not be complaining, we hope it will cool off a bit and perhaps start raining. Lilly Hogg has a sister-in-law whose name is Beatrice Taylor, do you know her? She comes in to visit her every week and brings something for a real treat, maybe a bouquet of flowers or something good to eat. She does all kinds of fancy work, also remodelling clothes. She also has a real large garden for all kinds of vegetables that she grows, she takes many prizes at the Fairs every fall. We wonder how she finds time to do it all.

Saturday afternoon we watched a movie again, always something to keep us entertained. Edna Cowan is all smiles these days, the reason when I sought her is that she's a great grandmother to a great granddaughter.

Teddy Carr's daughter and her husband who live down Pickering way came to visit her father last Saturday. Much activity here over the weekend and around about, some coming to visit relatives, some coming to take them out. Pearl Lyle's daughter came to take her mother out to dine. Nurse Marion took Marjorie Shuyler to her home in Fenelon Falls to dine which was just fine. Lloyd and Evelyn Coleman came to visit at Hyland Crest, asked me to go home with them and be their guest. They have a lovely home near Buttermilk Falls and I was treated royally. I enjoyed it very much too, then Lloyd brought me back to Hyland Crest, it was a real nice thing to do.

A very special service in the chapel this 11th August day, Roy Hilon and wife a special part did play. The Hilons who have been missionaries in Africa many years are now on holidays. Rev. Burgess took the first part of the service and then Pastor Hilon took over. His subject was on death, something we all have to face, be well prepared before we go to our last resting place.

Our ladies in the craft room are keeping everything up to par, knitting afghans, socks and mitts, getting ready for the next bazaar. Then each night from 4 until 5, Doris reads to us, it is a real interesting story now about romance and one of the suitors, thought he was winning until he nearly lost his pants. Linda showed a movie Monday night, "The Great Buffalo Saga", where many millions of buffaloes were being slaughtered which doesn't seem right.

We had no Minister to take chapel this 13th August day, so Doris took over, played the music, lead the singing, and preached the sermon too. I doubt if there's anything that girl can't do, then two busloads of Senior Citizens came over from Bracebridge Home, it's called The Pines, just in time to sit down with us to dine.

After showing them through our lovely Home, where you come to live and never more need roam, we had a game of quiz. Our visitors played against Hyland Crest, and when the game was over, our visitors came out one point the best.

Wednesday night our musicians came, Kathy Owens came from Frost Centre and Earl Cooper from the shores of Grass Lake. They entertained us royally, they sure have what it takes. We thank them for coming and look forward to when it is time for them to return to us again. Thursday afternoon the ladies from Club 35 at Halls Lake brought in and served a real tasty lunch with sandwiches, cheese, cookies and all kinds of cakes. Then they joined in a sing-a-long, a real social time together. Different groups come in each week no matter what the weather. Nurse Jeanne Bowron, who hasn't been well for quite some time, is getting her strength and feeling much better as we write this letter.

Our youthful bingo callers came again Thursday night, Sheldon Stevenson, Erin and Chantelle McKnight.

Members and guests were treated to some fine entertainment on Saturday night when Ed and Billy Packard introduced their youngest son to the audience. This young man is a very talented drummer who added his rhythms to his parents' music.

On Saturday, August 24, the Earl Wilfong Trio will be in our club room.

Last Saturday I made my first visit to a Warriors' Day Parade at the C.N.E. in Toronto. It was a colourful and impressive parade with over 10,000 participants marching into the grandstand area. The closing ceremonies were moving and made us remember the exhorbitant costs of war and of peace. A bus, with Branch 129 members and friends, made the enjoyable trips down and back. Thanks, Jim Tice, for driving us safely to and from Toronto.

Comrade Sergeant at Arms Jim Hobson treated a number of members to a viewing of a video made of the Zone Drumhead held here on August 11. The filming was done by Comrade Zone Commander Mel Robertson's daughter. It is a beautiful record of a very impressive ceremony. Our own band and colour parties were exceptional in performing their prescribed duties.

Project DAD is underway and working. This is the project where one member of a group is named the Designated Abstaining Driver and he or she drinks only soft drinks or coffee during the group's stay in the Legion. In this way the Legion is hoping to assist in the reduction of the numbers of drinking drivers.

Since the closing of the Salvation Army Hall in Haliburton, there has been no places for a clothes drop or distribution centre. The Royal Canadian Legion, Branch 129, has donated the use of one of their buildings to be used by a group of interested and concerned citizens who are carrying on these needed duties. The building is located across the sideroad behind the Salvation Army Hall.

Down by the freeway early in the morning,
Fighting the traffic to get to your job.
Your life is slipping right through your fingers,
But the pressure and stress make you part of the mob.
Come to the country, get your own business,
Pocket the profits, get off the treadmill.
Pick up the phone this very minute.

CARD OF THANKS

The Haliburton Highlands Guild of Fine Arts 23rd Annual Summer Exhibition & Sale was an even greater success this year! The Board of Directors would like to take this opportunity to say a special 'Thank You' to all those who assisted in this success: to the Convenor and Summer Ex. Committee for their fine organization and smooth running of the show; to the volunteer captains and volunteer staff who gave so willingly of their time and energy; to the accounting staff for keeping an accurate account of sales and deposits; to the refreshment crew; to the children's play organizers; to the craft demonstrators; and finally to the Board of Education and their maintenance staff at the Senior Elementary School. To all of you who helped in any way ... thank you.

Stanhope Fun-Day Committee would like to thank everyone who helped this year. CARD OF THANKS

The Minden Agricultural Society offers sincere thanks everyone who, against great odds, made this year's Haliburton County Fair a success. Special thanks to the Haliburton County Farmers' Association, Faye Maddock and Wayne Henderson, Alex Pringle, Ken Cox, the Haliburton Legion, Jack Brezina and The Times, The Minden Lawn Bowling and Seniors Club, Carling O'Keefe, The Minden Rotary and all the kids from Katimavik. To every exhibitor and supporter of the Fair, thank you very much.

I would like express my thanks to the following for their support and/or donations to the Kids' Day Events at the Haliburton County Fair: The Haliburton Legion, Mae's, Lutterworth Feed 'n Bait, The Brown Owl Restaurant, Easton's Valu-Mart and Dollo's I.G.A.

Bess Cox

Jeff Ellis, David McKinley. All the Summer Students and other volunteers who helped us. A special thank you to all members of "Scenic Highway 35" who donated 40 door and spot prizes for the dance. Many thanks again.

IN MEMORIAM

COULTER: In loving memory of Harold Coulter, who passed away August 23, 1983.

Gone but not forgotten.

Cousin Dorothy

COULTER: Harold. In loving memory of a dear husband, father and grandfather who passed away August 23, 1983.

It is sad to walk the road alone,
Instead of side by side.
But to all there comes a moment
When the ways of life divide
You gave us years of happiness,
Then came sorrow and tears
But you left us beautiful memories
We will treasure through the years.

Sadly missed by wife and family
